

10TH SCIENTIFIC MEETING OF THE Australasian Society for Breast Disease

17-19 SEPTEMBER 2015
BRISBANE CONVENTION & EXHIBITION CENTRE, AUSTRALIA

www.asbd.org.au

Thursday 17 September 2015

Time Location	Title	Speaker(s)
0700-0815 P8	Breakfast Function Maximising Your Earnings While in Private Practice. <i>Sponsored by Bongiorno</i>	Michael Waycott / Michael Walsh
0800-1230 P7	Workshop 1 Advanced ultrasound for clinicians with new interventional techniques. <i>Sponsored by GE</i> Welcome Ultrasound technology in the modern machine Shear Wave Elastography for breast ultrasound Proposed Australian VAB Study Biopsy Technique: Tips and Tricks Questions / Coffee The Role of Vacuum Assisted Breast Biopsy: A Progression from FNAB to VAB Minimally-invasive Ultrasound Guided Lesion Excision: "Percutaneous Excisional Biopsy" Indications, Devices, Techniques Technique of Intraoperative Ultrasound Guided Excision of Breast Lesions Automated Breast Ultrasound Questions / Practical Session	Daniel de Viana Brian Starkoff Anna Shu Daniel de Viana Michael Law Ian Bennett Pat Whitworth Ian Bennett GE rep
0900-1230 P8	Workshop 2 Communication: Challenging situations	Jane Turner
0900-1200 P6	Workshop 3A - repeat Tomosynthesis for Radiologists. <i>Sponsored by Siemens</i>	Sophia Zackrisson
1300-1600 P6	Workshop 3 Tomosynthesis for Radiologists. <i>Sponsored by Siemens</i>	Sophia Zackrisson
1300-1630 P8	Workshop 4 Cytology and histopathology for non-pathologists	Fraser Symmans N. Pathmanathan
1615-1645	Afternoon Tea	
1700-1830 Plaza Auditorium	Minisymposium Current Management of Hereditary Breast Cancer <i>Chair</i> Case presentation for discussion Update on cancer genetics Hormone management of high risk women The costs of risk-reducing surgery versus surveillance in the UK setting Role of radiotherapy in BRCA1/2 mutation carriers Discussion /Questions	Daniel de Viana Daniel de Viana Judy Kirk Natasha Woodward Richard Rainsbury Philip Poortmans Sophia Zackrisson and Ian Bennett
1830-2000 Level 12	Social function at Rydges Welcome Reception	Level 12, Rydges

Friday 18 September 2015

0700-0845 P8	Breakfast Function Oncotype Dx update. <i>Sponsored by Specialised Therapeutics</i>	Sanjay Warriar
0800-1000 P6	3-D Mammography self-directed interactive virtual reading workshops. <i>Presented by Hologic</i> Repeated at 1015, 1230, 1445	
0900-0905 Plaza Auditorium	Welcome	Daniel de Viana
0905-1030 Plaza Auditorium	Session 1 - Biomarkers and Breast Cancer. <i>Sponsored by Astra Zeneca</i> <i>Chair</i> Conventional Biomarkers Beyond ER/PR/HER2, what is on the horizon? Germline predisposition and drug response Clinical Implications of new biomarkers Discussion /Questions	Sunil Lakhani Nirmala Pathmanathan Fraser Symmans Juliet French Sherene Loi Faculty
1030-1100	Morning tea	
1100-1230 Plaza Auditorium	Session 2 - Tumour Heterogeneity <i>Chair</i> Heterogeneity in primary and metastatic disease Circulating tumour DNA and heterogeneity	Nirmala Pathmanathan Sunil Lakhani Sarah-Jane Dawson

	New radiological modalities for assessment of primary and metastatic disease Impact of heterogeneity on clinical decision making Discussion / Questions	Stephen Rose Catherine Shannon Faculty
1230-1330	Lunch - Trade Area	
1330-1500 Plaza Auditorium	Session 3 - Proffered papers <i>Chair</i> BluePrint 80-gene functional subtype predicts resistance and chemosensitivity for Single and Dual Targeted treatment of Her2+ Breast Cancer: Findings from the NBRST Neoadjuvat Trial 1 Clinical guidance for management of lobular carcinoma in situ 2 Improved Cardiac Sparing with modified Deep Inspiratory Breath Hold Radiotherapy of the Breast: Royal North Shore Hospital experience. 3 Shared follow-up care for Early Breast Cancer 4 Use of One-Step Nucleic Acid Amplification (OSNA) in Management of Axilla in Breast Cancer 5 Implant selection in immediate breast reconstruction. 6 Pain following treatment for breast cancer is a serious problem that is not well managed 7 Attendance at re-screening after a prior false positive mammogram within the Sydney Local Health District.	Nehmat Houssami Pat Whitworth Sunil Lakhani J de Leon V Milch M H Goh Farid Meybodi M D Smith Salman Ansari
1500-1530	Afternoon tea	
1530-1700 Plaza Auditorium	Session 4 - Living well in survivorship <i>Chair</i> Self-management strategies Developing lymphedema - on who and what should we focus attention? Population approaches to supporting healthy lifestyle in breast cancer survivors: Get Healthy after Breast Cancer Healthy Living after Cancer Challenges in radiological follow after breast cancer Discussion / Questions (20 mins)	Meagan Brennan Jane Turner Sharon Kilbreath Sheleigh Lawler Elizabeth Eakin Bruno Giuffre Faculty
1700-1830	Social function Networking drinks	Trade area
Saturday 19 September 2015		
0700-0845 P6	Breakfast function ASBD Annual General Meeting	Daniel De Viana / Kerry McMahon
0800-1000 P6	3-D Mammography self-directed interactive virtual reading workshops. <i>Presented by Hologic</i> Repeated at 1015, 1230, 1445	
0900-1030 Plaza Auditorium	Session 5 - Controversies in Locoregional Management <i>Chair</i> Keynote: Toxicities and other issues Evidence-based Integration of Surgery and Radiation Keynote: Does preoperative MRI reduce local recurrence? What have we learned from the MA 20 trial? Discussion / Questions	Yvonne Zissiadis Philip Poortmans Pat Whitworth Nehmat Houssami Marie Burke Faculty
1030-1100	Morning tea	
1100-1230 Plaza Auditorium	Session 6 - Future directions in imaging and image-guided therapy <i>Chair</i> Keynote: Screening with tomosynthesis Minimally invasive stereotactic and ultrasound-guided lumpectomy: Preliminary findings from the IPEX Registry Stereotactic radiotherapy for metastatic disease Future directions in molecular imaging in breast cancer Discussion / Questions	Kerry McMahon Sophia Zakrisson Pat Whitworth Philip Poortmans Sophia Zakrisson Faculty
1230-1330	Lunch	
1330-1500 Plaza Auditorium	Session 7 - Neoadjuvant Therapy <i>Chair</i> Pathologic issues in neoadjuvant therapy; residual tumour burden Keynote: Surgical Management of the Axilla in Patients having Neoadjuvant Treatment: Sentinel Node Biopsy, Axillary Dissection, Radiation? Radiotherapy: when, where, how much? Update on neoadjuvant therapy for breast cancer Discussion / Questions	Kylie Snook Fraser Symmans Pat Whitworth Philip Poortmans Nicole McCarthy Faculty
1500-1530	Afternoon tea	
1530-1645 Plaza Auditorium	Session 8 - MDT Case presentation: Breast Cancer in the Young Woman <i>Chair</i> 3 Cases Panel: Gynaecologist/ fertility specialist: Medical Oncologist: Surgeon: Radiation Oncologist: Radiologist: Pathologist: Breast Care Nurse: Breast Cancer Network Australia (BCNA)	Chris Pyke Elisabeth Elder Clare Boothroyd Cath Shannon Pat Whitworth Philip Poortmans Sophia Zackrisson Fraser Symmons Michelle Hawksworth Sherone Brown
1645-1700 Plaza Auditorium	Conference close Presentations: Best Proffered Paper and Best Poster Closing comments	Daniel De Viana Daniel De Viana
1900-2330	Conference Dinner, Boulevard Room, BCEC
